

# FIREWOOD STORAGE SHED

# RYTERNA

## MODUL

*This smart and top quality solution will perfectly help You to find a convenient place for your scattered firewood and garden necessities at your house yard.*

Could there be anything better than warming fireplace flames, during dark, long and wet autumn evenings?

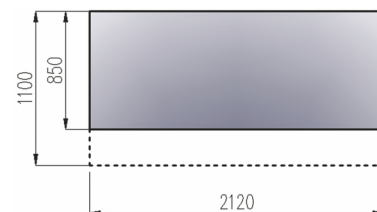

- **Attractive** – painted in neutral grey (RAL7016) or any other your desired colour.
- **Practical** – special roof construction lets you easily apply the shed to your house or garage wall. Or even assemble two sheds together.
- **Smart** – water drainage system lets you access the shed even when it rains.
- **Durable** – All parts are zinc-coated (galvanized). Shed will not corrode and will last many years with no additional maintenance. 5 years warranty given.
- **Ready** – standard RAL7016 color sheds will be dispatched on your orders date.
- **Universal** – just add the door and here you have a garden tools shed.
- **Easy assembled** – only 2 hours of your work for ready to use shed.

### YOU MAY ALSO CHOOSE ADDITIONAL EQUIPMENT:

doors with locker, floor panel, back wall panel (net), shelves, garden tools holders;
